Mirimus Pooled Testing
Saliva Sample Collection Guidance

When collecting your saliva sample, do not eat, drink, chew gum, or brush your teeth for at least 30 minutes prior to providing your sample. Do not use mouthwash for at least 2 hours prior to providing your sample.

Additionally, please keep the following guidelines in mind:

a. Fill tube at least halfway
b. Securely screw on the top
c. Wipe completed sample with provided alcohol wipe
d. Discard saliva straw after use
e. Place the completed saliva tube sample in the bag with the student’s name and DOB and return that to the school
f. Samples should be collected no more than 24 hours in advance
g. Samples should not be frozen or boiled
